Caldas da Saúde, 2nd January 2014

Dear Headmaster / Headmistress,

OFICINA – Nun’Alvres’ Professional School has launched the 4th edition of BGREEN.

BGREEN // Ecological Film Festival is an ecological video competition promoted by OFICINA, one of the schools that are part of *Colégio das Caldinhas’* educational complex. The main goal of the festival is to raise youth’s awareness to environmental issues through video spots.

Nowadays, audiovisuals are a powerful resource, one that is able to reach the several areas of society, especially young people, who shall work for environmental sustainability in the forthcoming future.

Therefore, **BGREEN** challenges young people, aged between 14 and 21, who attend secondary studies or equivalent and live in Europe to send their video spots on environmental issues until **April 4th, 2014**.

The best video spots will be selected and the creators will be invited to participate in the award ceremony that will take place on **June 6th**.

The winners of the *bgreen - Ecological Film Festival Grand Prize* will be awarded an eco-adventure trip to the Azores.

To learn more about the festival, please visit our website at: www.bgreenfestival.com

We are very grateful for your effort in the dissemination of this initiative.

Yours faithfully

Francisco Cunha
