

POWERED
BY NATURE
2016

Caldas da Saúde, September 30th 2015

Dear Headmaster/Headmistress

Oficina – Instituto Nun’Alvres’ Professional School is proud to present the 6th edition of **bgreen // Ecological film Festival**.

Bgreen is a video competition whose primary goal is to raise youth’s awareness regarding ecology related themes.

In this year’s edition, the chosen motto is the importance of renewable energies and the slogan **Powered by Nature**. This 6th edition seeks to praise clean, fair, sustainable and free-to-all sources of energy. Bearing in mind the challenge of caring for our “common home”, as stated by Pope Francis, it is of the utmost importance to regard renewable energies not as an alternative but as the only possibility. Therefore, divulging to and creating awareness in youngsters is vital.

Another highlight of this year’s competition is that **bgreen** is not only addressed to European youngsters, now participants from all over the world can submit their video spots.

Thus, **bgreen // Ecological Film Festival** wants to challenge young people, aged between 14 and 21 years old, that attend secondary studies or equivalent to send their video spots on environmental issues until **April 17th, 2016**.

All participants are invited to participate in the award ceremony that will take place on **June 9th 2016**. The winners of the *bgreen - Ecological Film Festival Grand Prize* will be awarded an eco-adventure trip to S. Miguel, the renowned Green Island in the Azores.

To learn more about the festival, please visit our website at: www.bgreenfestival.com

We are very grateful for your effort in the dissemination of this initiative.

Best Regards

The Headmaster

António M. S. C. Silva
